INTRODUCTION - BIG BUCKS BUYING BUICKS

Every year we buy and sell over 15 million used cars in America. More than 50% are sold by individuals to other individuals. It is the favorite way to buy a used auto. People feel more comfortable in dealing with private individuals than used car salesmen. Can you blame them? In this book, I will show you how to make big profits because of this desire to buy from individuals. You'll see how others, just like you, are quietly buying and selling a car at a time. They do it at home and pocket hundreds in cash on each deal!

By using simple classified ads in your local newspaper, you'll be able to add hundreds a month to your income in your spare time! It's simple! I'll teach you all the secrets of this at home "curbside" business.

I call this plan "Used Car Gold Mine". It is literally like having your own gold mine. You pick and shovel the market to find the nuggets. Each one puts \$500 to \$1000 in profits in your pocket!

And the gold is always there! Whenever you need a few extra dollars, just go back to your personal gold mine. It's easy when you know how to pan for those golden nuggets.

This is not a get rich quick scheme. It is a little known home-business people are doing every day. The information and guidance given is the product of years of experience. It offers you a simple, but very effective way to add hundreds of dollars a month to your income.

If you decide to go full-time into the used car business, you could earn many thousands of dollars. It's a high profit business. All the methods are revealed. They're easy to follow.

Even if you decide not to go into the business, you can use the ideas you'll learn from this manual to buy your next family car. The techniques you'll learn in this manual will save you hundreds, if not thousands, on future car purchases!
